

## Emulator Prices

### Suggested list prices:

Emulator Two Voice.....	\$5995.00
Emulator Four Voice.....	7995.00
Emulator Eight Voice.....	9995.00
Formatted Diskettes (5) .....	49.95*
Polyphonic Sequencer.....	995.00**

Software: Each Emulator comes with 10 diskettes containing preprogrammed sounds. E-mu will be releasing a series of additional sounds and special function programs with list prices ranging from approximately \$15.00 to \$100.00 (for the more complex programs). Additional information will be available soon.

Notes: \* These are premium quality certified double density diskettes containing special Emulator formatting and software. Other diskettes WILL NOT work. We are currently planning to make available an optional program to allow the user to format his own diskettes. Details will be available later this year.

\*\* Estimated price. Available fall 1981. This is a multi-track realtime polyphonic sequencer, which will be retrofittable to any model Emulator.

Prices and specifications are subject to change.
